| Patient details | Referring GP details |
|-----------------|----------------------|
| Surname | Referring GP |
| Forename(s) | Practice name |
| Address | Practice address |
| Post code | Post code |
| Date of birth | Telephone number |
| NHS Number | GP practice code |

| Patient Consent | |
|--|-------------------------------------|
| | Mark or tick boxes below to confirm |
| I confirm the patient has consented to sharing personal and clinical information contained within this referral form. The Derbyshire Prior Approval Team will process this information, clarify data and communicate with the patient and the GP on the outcome. | <input type="checkbox"/> |
| By submitting this request you are confirming that you have reviewed this request against relevant policy and believe the patient meets the relevant threshold criteria and therefore you have fully explained to the patient the proposed treatment and they have consented to you raising this referral on their behalf. | <input type="checkbox"/> |
| Please confirm that you have given PLCV patient leaflet to the patient | <input type="checkbox"/> |

| Part A - PLCV Criteria | Criteria 1 & 2 and 3 MUST apply |
|---|---|
| <p>Derby and Derbyshire CCG, in line with its principles for procedures of limited clinical value has deemed that the surgical correction of bunions should not routinely be commissioned unless the patient meets criteria 1, 2 and 3*:</p> | |
| <p>1. Bunions are symptomatic</p> | <p style="text-align: right;"><input type="checkbox"/></p> <p style="text-align: right;"><i>*Required</i></p> |
| <p>2. Patients have persistent symptoms despite at least 3 months of conservative management, which includes:</p> <ul style="list-style-type: none"> • Well fitted and accommodating footwear and the avoidance of high heeled shoes <ul style="list-style-type: none"> - referral to orthotics for therapeutic footwear should be considered where conventional footwear does not relieve pressure from the deformity • Application of ice and the elevation of painful and swollen bunions • Optimisation of analgesia • Use of over the counter non-surgical treatments such as bunion pads, splints, insoles or shields | <p style="text-align: right;"><input type="checkbox"/></p> <p style="text-align: right;"><i>*Required</i></p> |
| <p>3. The patient suffers from either:</p> <p>a. Severe deformity (e.g. overriding toes) that causes significant functional impairment*</p> <p>OR</p> <p>b. recurrent ulcers and infections at site of bunion or sole of foot</p> <p>OR</p> <p>c. Severe pain that causes significant functional impairment*</p> <p>OR</p> <p>d. Pain developing under the second metatarsophalangeal joint, indicating excessive foot strain from absorbing force being redirected off the big toe (transfer metatarsalgia)</p> <p>*Significant functional impairment is defined by NHS Derby and Derbyshire CCG as:</p> <ul style="list-style-type: none"> • Symptoms prevent the patient fulfilling work or educational responsibilities • Symptoms prevent the patient carrying out domestic or carer activities • Symptoms prevent the patient carrying out physical activities | <p style="text-align: right;"><input type="checkbox"/></p> <p style="text-align: right;"><i>*Required</i></p> |

Additional clinical information that may have a bearing on the application

| |
|--|
| |
|--|

| Additional Patient Information | BOTH must apply |
|--|--------------------------|
| This patient is willing to undergo a surgical procedure should it be offered. | <input type="checkbox"/> |
| I have discussed with the patient the fact they will be referred for a possible procedure but there is no guarantee that a surgical intervention will be the required outcome following the consultation with the secondary care specialist. | <input type="checkbox"/> |

| | |
|--------------------------|--|
| Prior Approval No | |
|--------------------------|--|

| Patient Choice of Provider | |
